

IanHFL Lesson Fees

2023-2024

Updated 9-1-23

Weekly Lessons

Weekly lesson fees never vary and are due the first lesson week of each month.

30 minute lessons – *\$130 monthly*

45 minute lessons – *\$195 monthly*

60 minute lessons – *\$260 monthly*

- These lessons take place every week unless otherwise noted.
- The lesson fees are paid monthly and are always due at the first week of lessons each month, regardless of any student absences.
- Your lesson fee holds your lesson time slot for the month as opposed to being for a specific number of lessons.
 - Please note that while most months have 4 lessons, some months may have more or less depending on holidays and make-up weeks, and the lesson fee will always be the same from month to month. Please review [my calendar](#) for our schedule.

Single Lessons

Single lesson fees must be received by 2:30 PM EST on your lesson day in order to confirm your lesson.

Single 30 minute lesson – *\$35 each*

Single 45 minute lesson – *\$52.50 each*

Single 60 minute lesson – *\$70 each*

All Lessons

- Unless I've made an error, lesson fees are non-refundable, so please be sure that we have agreed to & confirmed a convenient lesson time.
- Don't hesitate to get in touch if you have any scheduling issues and I'll do my best to accommodate you!

- Lesson fees can be paid using my online lesson store (which includes a \$5 fee to help mitigate PayPal/Venmo/Square's cut), a check made out to either "Ian Leinbaugh" or "IanHFL, LLC" and mailed to my home address, or, if taking monthly lessons, by setting up a monthly online subscription or bank draft.
- Please let me know if you'd like to mail a check/set up a bank draft and I'll pass along the proper address. ***One important caveat if you go either of these routes, though—you'll need to set up the recurring payment so that I receive it by the 7th of each month!***
- It's perhaps worth mentioning again that your monthly lesson fee reserves your time slot for the month, not a set number of lessons.
 - This keeps the lesson fee at a consistent rate regardless of how many lesson days are in the month.
 - Over the course of a year—as I'm blessed to be able to say that most students take lessons year-round and stay with me for years at a time!—each student receives 43 private lessons. Additionally, there are three makeup weeks where students can make up one missed lesson from the previous trimester or have a bonus lesson, allowing for up to 47 lessons per year.
 - However, when prorating weekly lessons, I will default to the monthly lesson fee equating to four lessons and will subtract the per lesson fee(s) from the monthly fee accordingly (eg, if a student begins 30-minute lessons mid-month and only has two lessons, the fee will be \$65).
